Dear John,

Hope you and everyone is feeling better this week. I feel you just had a virus which was affecting you and that added pressure made it hold on longer than it might otherwise had.

I am writing to lay some framework on what I hope we can talk about in July while I am up there.

I have been trying to lay out everything I want to start and make an orderly transition into my new life and work. My big problem is getting the Masters to agree for there seems to be so much they want done, and I don't think I can work on 2 or 3 projects at a time and keep it all straight, so I am discussing with them an orderly step by step ~~page~~ procedure into this work.

Also I need to talk to you about finances and just how this will be

Set up. So let me list my questions and then we can talk about them when another.

Concerning the salary or grant or whatever it will be termed, would it be possible to make the amount \$ 25,000⁰⁰ a year.

This will then cover my expenses as I sent up to you plus cover increases that are going to happen in August + Sept.

My rent goes up to 400⁰⁰ month in Aug. and Car insurance + household insurance went up in May for me. Also my health insurance goes up in May or went up rather but I am not sure how much yet. Besides these increases, I am now paying out on Dad at the nursing home which has put me in the hole - in red - so with the 25,000⁰⁰ a year I believe I would be alright. I hope that doesn't seem unreasonable!

Also, how was this to work. Am it to be affiliated with the foundation or did you want it set up separate?

Other way is fine so long as I can continue working with the foundation and the group.

Would it be better if we formed some sort of a research group or ~~institute~~ or Center fund here in Austin and have the money go to that? I do not understand the law etc. so I leave that up to you and Jerry to advise me on.

John, I am really looking forward to this opportunity but ~~but~~ I must say I am also nervous because of the responsibility it places on me. I am going to move slowly, if they allow me, so I can grow into this new awareness. Also, I feel it will take time to set up a routine for the creative writing and create the channel of communication I feel comfortable with.

Something that concerns me so let me voice it here, one, I do not want to be involved in business or money

Discussion for the foundation or the companies because this will ground me which I do not want. I do not mind and I do want to offer whatever they say concerning matters in this area but personally I would rather be involved with the spiritual and with communicating ideas from Hierarchy, etc.

Also, by you helping me out in this manner you are going to free me to begin my true spiritual work of writing, lecturing and eventually healing. For this I am most thankful. What does concern me is, will there be an amount of productivity expected from me to prove I am earning my money, because, especially in the beginning, it may be very hard to show. Spiritual work is very different from physical for much is done unseen on inner planes and may not show for a time. This concerns me because I am used to showing physical results.

proving my pay in my jobs, and now I am not sure if I can immediately show these same kind of results. I hope you can and will understand this in the future. I do promise I will work hard and try to accomplish; for truly this is a dream come true.

Now I have a question or maybe two!

Could something be set up with the foundation or however you want it, so I know for the next 3-5 years about that an income will be there so I can truly go about developing and opening without worrying about job or money. I am not asking for an easy street ticket believe me, but money has always been a problem and a concern if not a control holding me back from me going fully into spiritual service. I am sure it has been this way for a reason so I would not begin before it was intended, but now that it is being offered I need to truly put my full attention

into spirit, not into this world or money).

Also, when I do my publications can I give credit to the Foundation as to having made it possible for me to do my work or to you, whenever it is to come from, or would you rather it go unsaid. The reason I ask is maybe you wouldn't want it known so other people don't flock to you or the foundation for funding. I leave this to you to decide.

I guess that covers everything. I am looking forward to seeing you in July. I will be arriving at John Darr in Grand Rapids July 6 and then a July 10 - Sunday afternoon go over to Kalanayos with you and whoever to stay Sunday Monday + Tuesday - leaving wed. morning. I can stay at Mike's without any problem, that way there is not the extra expense of hotel etc. That is if it is O.K. with Mike.

My love to you John and blessings

In the Service of
Master and their love
